NASHIT HAYATH

MATERIAL MANAGEMENT | SAP MM | INVENTORY | SUPPLY CHAIN |
DATA ANALYTICS

TARGET ROLE Entry-Level Material Management / SAP MM Analyst

PROFILE

MCA graduate in Data Science & Big Data Analytics with a strong foundation in SQL, Excel, Python, Power BI, and database management. Interested in starting a career in Material Management, procurement, inventory, and ERP operations. Familiar with SAP MM processes including Purchase Orders, Goods Receipt, Goods Issue/PGI, material movements, 2-way/3-way matching, and inventory reconciliation. Built an inventory management application using PHP and MySQL, giving practical experience with purchase, sales, stock, and product data.

ACADEMIC PROJECTS

MoodMate – AI Mental Wellness Assistant

Final Year MCA Project

- Developed an AI assistant using Llama 3 with Ollama for context-aware conversations and persistent memory.
- Built a responsive Flask web application with local AI inference and file/database-based conversation history.

Inventory Management System

MCA Year 1 Academic Project | 2024–2025

- Built a web-based inventory management system using PHP, MySQL, and Bootstrap to manage products, categories, purchases, sales, stock, and expired products.
- Created database-driven records for inventory transactions and stock levels to keep product and transaction information organized.
- Added purchase and sales tracking to monitor stock movement and inventory levels.
- Implemented a guest order feature with real-time order notifications for better order visibility.

Library Attendance Management System

BCA Academic Project | 2021–2024

- Developed a QR code-based library attendance system using PHP and MySQL to record student entry and exit timings.
- Implemented dual QR scanning to automatically record attendance activity in the backend.

EDUCATION

Master of Computer Applications (MCA-DS&BDA) | Yenepoya University |
2024–2026

CGPA: 8.0 / 10.0

Bachelor of Computer Applications | Dharwad University | 2021–2024

CGPA: 7.9 / 10.0
